# Far North Cable TV, Ltd

PO Box 30
Mangonui
**406-1282**

Bringing CHOICE and
CLEAR PICTURES
to your home on your television.

Imagine only 3 books available at the library. You know there is more out there in the world. What would you be missing? Imagine only 3 channels for your television, and you know that there is more available in the world. Cable TV can bring over 50 channels of television into your home.

This is done through a wire that is run from our Coopers Beach satellite antenna receiving station to your home. We provide clear transmission of New Zealand national channels as well as a choice of many international channels. There are different packages to suit different interests and budgets. We are a local company, your friendly neighbors in the community, available to answer questions and help solve cable problems at any time.

Some frequently asked questions and comments
--

*"I don't watch much TV. What would I do with cable TV?"* Answer: You would have CHOICE. You may not have much time to watch TV, but when you do sit down and turn it on, you can choose quality programmes from a wide variety.

*"TV is just full of commercials and reruns!"* Answer: Most cable TV channels are commercial-free. We can't guarantee there will be no re-runs, but with Cable TV you won't be stuck with them and can always switch to another channel with something new and different.

*"Can I afford this?"* Answer: Cable TV is very reasonably priced (check the reverse side of this). And there are discounts available for senior citizens and for annual payment.

*"Can I cancel service while away?"* Answer: YES, you can. Just tell us the period when you'll be away, before you leave, and we'll disconnect you and then reconnect when you return. Try that with the telephone or power company!

*"What about extra TVs?"* Answer: Only Cable TV allows you to connect as many TV sets as you wish and each TV will have access to all of our channels all of the time!

*"Can I tape cable programmes?"* Answer: YES. Our channels do not have any taping restrictions.

*"Can I watch New Zealand Rugby?"* Answer: YES we uniquely carry Sky Sport 1 with New Zealand rugby and cricket coverage. PLUS we carry more than 10 other channels with a huge variety of sport including beach volleyball, golf, swimming, badminton among all of the others; some events are not available anywhere else in New Zealand.
